Walk and Ring the South Downs Way 11-18 May 2013

Ringers from Seaford are attempting to walk the South Downs Way from Winchester to Eastbourne to raise money for the Bell Restoration Fund and combine this with ringing at a variety of towers along the way. Plans are coming together and we hope that a number of you might like to join us in this venture.

We would welcome

- People to walk with us and encourage us on the route. Could you manage the whole route, a section of the route, a few miles or just a mile or two;
- People to assist with transport to take us from the actual route to the chosen towers;
- People to open towers and arrange additional ringers to support our team
- People who might be able to offer accommodation along the route.

We have a provisional programme as follows although we have not yet contacted all the towers on the route as we need yet to check approximate times etc. We have listed possible towers but these may vary
